DESCRIPTION

Mindful Avenue is a wellbeing brand creating journals focused on intentional living. For this conceptual project, I developed a book-style puzzle packaging for The Art of Attention collection, exploring a timeless, shelf-worthy product. The work includes concept development, visual identity application, and print-ready packaging design, with a strong focus on typography, hierarchy, and tactile details.

DESCRIPTION

Hårologi is a Swedish haircare brand with nearly five decades of expertise and a holistic approach to hair health. As part of my work at Svenska Kråmfabriken, I took a leading role in the brand's complete redesign, updating everything from logo to packaging for over 60 products, each product category with its own colour palette. The result was a new visual identity that reflects brands heritage and appeals to today's consumers.

Matt has been part of the Equestrian Stockholm family for seven years, shaping collections that reflect his vision and our shared passion for innovation.

"What I love about working with Equestrian Stockholm is the creative freedom they give me. They are always coming up with refreshing designs and exciting concepts, with an open mind toward the future."

— Matt Harnacke

Matt believes in keeping his horse engaged and attentive, even during the simplest daily routines. One of his go-to exercises starts while tacking up.

"I make sure my horse is always aware of my movements, reacting to my voice and touch cues. This keeps them engaged and sensitive. Even when changing sides to groom, they naturally give me space and stay relaxed, preparing them for a focused ride. Small adjustments like these can create a more responsive and connected partnership with your horse—on the ground and in the saddle."

NYHET!

Wilmas förtrollande fransar

NU AVSLÖJAR VI HEMLIGHETEN!

En oemotståndlig blick börjar med vackra och välmående ögonfransar. Hickaps Mad Definition Mascara både definierar och ger dig vackert långa fransar med några enkla svep. Tillsammans med nyheten Lash & Brow Boosting Serum får du fylliga fransar och bryn med maximal volym. Allt du behöver inför vinterns kommande högtider!

"Visst finns det viktigare saker i världen än perfekta ögonfransar. Men det skadar inte."

– Wilma Holmqvist

Mad Definition Mascara

Intense Black

100% vegansk • 8 ml • 229 SEK

Mad Definition Mascara är en lyxig mascara utvecklad för att ge dig vackra och långa fransar med fulländad definition, ända från fransarnas rötter. De kolsvarta pigmenten ger en snygg och djup svärta som verkligen förhöjer din look.

Mascaran kommer med en dubbelsidig applikator med borste och kam på varsin sida. Använd borsten för att ladda ögonfransarna med färgpigment och definiera/kamma ögonfransarna med kammen för ultimät definition. Den fina kammen ger dig möjlighet att separera fransarna från rötterna vilket ger fransarna ett längre intryck. För extra intensitet, applicera ytterligare färg med borsten. Upprepa tills önskvärt resultat (volym och/eller definition) uppnås. Innehåller naturliga hudvänliga ingredienser som vitamin C, polysackarider och vitamin E som vårdar och ger volym till fransarna.

- Innovativ applikator med både borste och kam.
- Ger definition, volym och längd till fransarna.
- Sitter hela dagen utan att kladda eller smula (snö-, regn-, fuktighet- och tårresistent).

Gör så här:

1. Ladda ögonfransarna med färgpigment genom att använda borsten.
2. Definiera och separera ögonfransarna med kammen för ultimät definition ända från fransarnas rötter.
3. För extra intensitet, applicera ytterligare färg med borsten.

Upprepa tills önskvärt resultat (volym och/eller definition) uppnås.

Dewy Lips Velvet Gloss

100% vegansk • 5 ml • 199 SEK

Hickaps läppglans ger naturligt snygg nyans och perfekt glans utan klabbig känsla. Resultatet är jämnare, mjukare och fylligare läppar med intensifierad färg och underbar doft. Liksom alla Hickaps produkter är de 100% veganska och fullmatade med hudvänliga aktiva ingredienser. Hyaluronsyra verkar djupt återfuktande och bidrar till en plumpande effekt. C-vitamin och omega-3/6 lugnar, mjukgör och motverkar irritation samtidigt som intensivt vårdande ingredienser hjälper till att skydda mot yttre miljöpåverkan och skadliga fria radikaler.

Dewy Lips Velvet Gloss finns i fem olika nyanser som passar fint tillsammans med Hickaps läppennor. För att skapa illusionen av fylligare läppar är Dewy Lips Velvet Gloss en halv nyans ljusare än tillhörande nyans i läppenna.

Gör så här:

Använd ensamt eller ovanpå ett läppstift eller en läppenna. Matcha gärna din nyans av Dewy Lips Velvet Gloss med tillhörande nyans av Mad Precision Lip Pencil.

Tips! Dutt lite lip gloss på kindbenen för en komplett dewy look.

NYHET!

Wilmas fylliga läppar

NU AVSLÖJAR VI HEMLIGHETEN!

Nu lanserar vi den perfekta duon för vackra och välmående läppar. Dewy Lips Velvet Gloss ger dig jämnare, mjukare och fylligare läppar utan den där klabbiga känslan. Tillsammans med nyheten Mad Precision Lip Pencil får du intrycket av fylligare läppar med vacker färg. Perfekt för sommarens alla festligheter!

"Våra lip gloss ger en magiskt fin glans och kommer i fem snygga nyanser. Dessutom är de fulla av hudvänliga ingredienser som vårdar och återfuktar läpparna. Oslagbart!"

– Wilma Holmqvist

OF BOUNIR

OUR STORY

Bounir started out of frustration in one of my classes at Parsons School of Design in New York. I was commuting to Parsons on 5th Avenue from my apartment in Tribeca.

During my commute, I kept my MetroCard tucked between my phone and a simple black phone case, and guess who ended up breaking her phone case every now and then? Yep, that was me! I started looking for a stylish pocket to attach to my phone case but couldn't find anything I liked...

So I began sketching, and the rest is history.

Today, we are a team that laughs and loves what we do, all thanks to you.
